80 capsules

Essential Steps to a Healthier Life

Super foods are health maintaining foods and supplements which are rich in vitamins, minerals, and plant based nutrients. They support the immune system, defend against free radicals, decrease inflammation, and help support the body against degenerative processes such as aging, cataracts, and osteoporosis. * From your immune system and mood, to your skin and joints, super foods supplements can assist you and your family in maintaining optimal health.

Did you know that antioxidant rich green and red food powders help protect the body from damaging free radicals. Completely Green Super Food Powders contain two types of bee products - royal jelly and bee pollen. Studies suggest royal jelly lowers cholesterol levels, blood pressure, and eases menopausal symptoms. Bee pollen has been found in certain studies to reduce inflammation of the prostate. Completely Green Fiber Formula is loaded with the richest and purest natural dietary fibers. Adequate fiber intake is critical for detoxification, lowering cholesterol and is associated with a decreased risk of breast and colon cancer.*

Completely Green Dental Health Complex and Nutritional Powders

Keeping good oral hygiene is one of the most important things you can do to protect yourself from disease. Periodontal disease can contribute to a whole host of serious health conditions. The mouth harbors viruses and bacteria that can enter into your bloodstream to cause severe damage to the rest of your body unless it is kept under control. Bacteria present in the oral cavity can travel to other parts of the body, therefore maintaining optimal overall health requires taking especially good care of your mouth. Using Completely Green's Dental Health Complex is not only a means of prevention but also insurance for a safe and healthy internal environment. Lets smile to that!

DENTEX

Optimal Oral Hygiene

Dentex is a Dental health complex that consists of well-known all natural products that work synergistically to keep you healthy. Completely Green has created an oral health complex that will not only help promote optimal oral hygiene but also help to boost the immune system to more effectively fend off microbes and bacteria that try to wreak havoc on your body.*

L-LYSINE

helps prevent painful herpes

L-Lysine is an essential amino acid that must be obtained from food or supplementation. It is found abundantly in muscles, connective tissue and collagen. L - LYSINE supplementation is highly recommended for vegetarians. The most promising application of lysine is its use in managing and preventing painful and unsightly herpes sores caused by the herpes simplex virus (HSV).*
